CYBERTOUCH ADDS VALUE TO MITSUBISHI DIGITAL ELECTRONICS AMERICA'S LINE OF DIGITAL SIGNAGE LCD MONITORS

IRVINE AND NEWBURY PARK, Calif., February 22, 2010 – Mitsubishi Digital Electronics America's Presentation Products Division, known for award-winning, high-quality, high definition presentation and display products, today signed CyberTouch, a global leader in touch-screen monitor integration and manufacturing, as one of its Value-Added Distributors (VAD). Cybertouch will add touch capabilities to Mitsubishi's 32-inch, 42-inch and 46-inch LCD display monitors, creating new products offered by CyberTouch as part of its Orion Series touch-integrated large format LCD displays.

“CyberTouch's partnership with Mitsubishi meets our long-awaited desire to join forces with a premier LCD display company that has the same business model as we do, and caters to clients who value quality, a strong business relationship and customer support,” says Abraham Gohari, president and CEO of CyberTouch. “Combining CyberTouch's 28 years in the touch screen industry with Mitsubishi Digital Electronics America's commitment to excellence in the display industry will provide users with a unique opportunity to buy turn-key touch monitors with confidence in both performance and support.”

CyberTouch's touch-screen technology fits seamlessly onto Mitsubishi displays for high quality, accurately responsive touch-screen monitors. With Cybertouch and Mitsubishi working together, users can enjoy a highly interactive experience without sacrificing visual performance. By offering a truly integrated touch-screen monitor with high-quality display, Cybertouch and Mitsubishi are working together to stay at the forefront of touch panel integration.

“Cybertouch greatly enhances our LCD monitor product line and helps us reach more dealers, more markets and more applications with their touch capabilities,” said James Chan, senior director, Mitsubishi Digital Electronics America. “We are very excited about it, we believe it will be a very productive relationship, and add incredible value to both our businesses.”

CyberTouch will showcase its touch screen products integrated with Mitsubishi monitors at the Digital Signage Expo in Las Vegas, Nevada, February 23rd -25th, 2010 in Mitsubishi’s booth number 1213.

About CyberTouch

CyberTouch designs, manufactures, and markets specialty touch screen monitors and related touch products for the commercial, medical, industrial, aerospace, audio visual, military, and other harsh-environment industries. Since 1982 CyberTouch has manufactured and designed custom touch screen monitors and touch products. CyberTouch offers more than 300 standard touch screens, including open-frame, panel-mount, wall-mount and desktop LCD touch monitors as well as value-added services such and turn-key touch integration. For more information please call 805-499-5000 or visit: www.CyberTouch.com.
