100 Words

The HC6500 is a native 1080p home theater projector. It includes the latest LCD technology and HQV processor for the sharpest definition to image details. It's designed with organic LCD panels to produce a stunning viewing experience. With exclusive algorithms to control its dynamic iris, it generates a sharp 15000:1 contrast ratio and is ultra-quiet at only a 17dBA noise level. It is also equipped with two HDMI v1.3 connectivity inputs to support true HD digital-to-digital images, as well as a 2-year warranty and an amazingly lamp life estimated to last up to 5000 hours (low mode).
