

# MITSUBISHI

HOME THEATER PROJECTION

## WHY MITSUBISHI IS THE BEST CHOICE

### MITSUBISHI HOME THEATER

With Mitsubishi Home Theater projectors, you're not just watching the big game, playing video games or watching movies. You're living them. Call plays like you're on the field at the Super Bowl, race through the streets like you're on a course in Monte Carlo and enjoy movies like you're at the cinema on a Saturday night. Mitsubishi Home Theater systems bring each experience right to your home.

Crisp, clear images so every scene is a perfect take. Bigger, bright display so what you watch is, literally, larger than life. And that's just what the hardware can do. The Mitsubishi Home Theater projectors are versatile, reliable and filled with revolutionary technology designed to produce a stunning visual experience.

You'll have the opportunity to build a completely personalized room that surrounds the projector. It can be as simple as placing the projector on a table or shelf or as involved as dedicating an entire space in your home to the cinema experience with over-the-top themes or elegant décor.

#### MITSUBISHI QUALITY AND SERVICE

You will have added peace of mind knowing you are partnering with the industry leader. Mitsubishi is recognized worldwide for quality, innovation, performance and reliability. Your projectors are protected by an extensive parts and labor warranty program, and toll-free technical support.

#### SO SHARP, SO BRIGHT

Whether it is computer images or high definition video you are showing, Mitsubishi projectors deliver sharp, bright images with vibrant colors and exceptional details. So now you can accurately present the latest blockbuster movies, as well as a wide range of computer graphics, spreadsheets, slides or even simple text from your PC, Macintosh and workstations.

DLP® and DLP® medallion are trademark of Texas Instruments. Standards, features, options, specifications and price are subject to change.

## HC7000

Premium Diamond Projector

### FEATURES AT A GLANCE

- **Technology:** 0.74" 3-LCD
- **Native Resolution:** 1080p (1920 x 1080)
- **Brightness:** 1000 ANSI Lumens
- **Contrast:** 72,000:1 (full on/full off)
- **Weight:** 16.5lbs
- **Noise:** 17dBA (low mode)
- **Est. Lamp Life Rating:** Up to 5000 hours (low mode)
- HQV Image Processing by Reon-VX IC
- Anamorphic Lens Mode with new Auto IRIS function
- Powered Zoom, Focus & Lens Shift
- Full 10bit signal processing
- 2 HDMI Inputs (v1.3)
- AV Memory function
- Simple side access lamp design
- Amazing 1 year lamp warranty
