

TOUCH. DISPLAY. DISCOVER

Commercial-grade, LCD monitors from Mitsubishi are setting the new standard in high definition, digital signage. Ranging from 32" - 65" diagonals, Mitsubishi LCD monitors are a great fit for virtually any installation.

With optional RISC based media players from IDea, as well as available touch screen integration, Mitsubishi's digital signage monitors let you handle your digital signage easily and bring your application to life, all you have to do is simply...

Just Add Graphics!

Call us today for a demo and see how Mitsubishi displays are setting the new standard.

Specifications subject to change without notice.
