The HC6800 is a 1080p home theater projector. It includes the latest D7 LCD technology and HQV processor for the sharpest definition to image details. It's also includes a bright 1500lm, a 30,000:1 contrast ratio, and LCD panels to produce an overall stunning viewing experience.

75 Words

The HC6800 is a native 1080p home theater projector. It includes the latest LCD technology and HQV processor for the sharpest definition to image details. It also includes support for two HDMI inputs (v1.3), an ultra-hushed 20dba noise rating (low mode), D7 LCD panels, an ultra-fast dynamic iris, a bright 1500lm rating and an ultra crisp 30,000:1 contrast ratio to produce an overall stunning viewing experience.

100 Words

The HC6800 is a native 1080p home theater projector. It includes the latest LCD technology and HQV processor for the sharpest definition to image details. It's designed with D7 LCD panels to produce a stunning viewing experience. With exclusive algorithms to control its dynamic iris, it generates a sharp 30,000:1 contrast ratio and is ultra-quiet at only a 20dBA noise level. It is also equipped with two HDMI v1.3 connectivity inputs to support true HD digital-to-digital images, as well as a 2-year warranty and an amazingly long 4000 hour lamp life (low mode estimated).
